TENTATIVE BUDGET FOR YEAR PREPARED

WILL BE ACTED UPON BY BOARD OF COMMISSIONERS AT MARCH MEETING

L. E. Adamson, secretary-commissioner to the Nevada tax commission and state auditor, has completed his work here, leaving for Goldfield and next to Hawthorne, visiting all the county seats. While here he worked with the county auditor on matters connected with the state educational survey and with the county commissioner and city clerk relative to the budget of expenses for the ensuing year. A tentative budget was prepared and will be definitely acted upon at the March meeting of the board.

DEVELOPMENTS IN WESTERN TERRITORY

CROSSCUT BEING RUN TOWARD THE RECENTLY PURCHASED RUBY GROUP

The Great Western Mining company, which is now owned by the Greenwater Mining and Smelting company, has started a crosscut on the 1150 level toward the Ruby group, which it also recently acquired. The heading is out twenty feet. The Tonopah Bonanza company, also taken over by the Greenwater Mining and Smelting company, is making steady progress sinking. In both the workings Manager John Magee is employing three shifts.

SPLENDID RENOVATION OF CHOICE MUSIC

ONLY REGRETTABLE FEATURE WAS INEXCUSABLE LACK OF ATTENDANCE

The song recital at the Presbyterian church last evening, though poorly attended, was certainly a treat to those who did attend. All who really love good songs, well rendered, and did not attend, missed a recital, the excellence of which is seldom heard in Tonopah.

It would be hard to say which one of the numbers was the best. The tempo, intonation and interpretation of all the numbers, bordered closely to the professional.

Prof. Kanause is to be congratulated upon the musical success of his pupils.

LAST PRACTICE ON THE EVE OF BATTLE

TOMORROW EVENING TONOPAH'S FIRST GAME OF INDOOR BASEBALL

The Moose have their last practice tonight before the big game tomorrow night. Capt. Prout, of the Moose, says he has a cinch on the game. Capt. Conover, of the Elks, states his team will make so many runs that the official scorers will need a stenographer to count them. The Woman's club have taken a great interest in the game and have promised to place a large number of tickets with their friends and members. Bob Christian, of the Elks, is wagering a large amount on the game and his friends are very anxious as to the outcome. A large attendance is expected. There will be no reserved seats and it will be advisable to come early.

MISSION

Begins next Sunday at St. Patrick's church. We all need the message and inspiration for better things. Come to the mission, and consider the issues of life.

Answer this question: "What is your life?" Not in terms of failure, but of victory.

Talk about the mission with your friends, and bring them to it.

Advertise in the Bonanza.

BASKETBALL SCHEDULE OF GAMES OUTLINED

FIRST CONTEST IN TOURNEY WILL TAKE PLACE TOMORROW AFTERNOON

The program of games for the basketball tournament was determined by lot and the following schedule arranged. Wednesday afternoon, Tonopah plays Bunkerville, and Manhattan plays Las Vegas, on Thursday evening Tonopah plays Las Vegas and Manhattan plays Bunkerville, and on Friday evening Tonopah plays Manhattan and Las Vegas plays Bunkerville. Each team plays each other and the school winning the most games wins the tournament.

The team from Bunkerville is touted as the dark horse to nose in on the state championship. Their quintet have grown to husky young men in the game and always together. Nothing is more conducive to good team work than long association in the game.

The Las Vegas team is a hard one also and will be a strong contender.

Tonopah's team is in excellent condition and their team work is machine-like. Coach Walker has had his men at hard practice for the last month, and has high hopes of victory. The local team will probably line up as follows: forwards, James O'Connell and Pollard; guards, Joe Fuetsch and Albert Gilbert; center, Eugene Reynolds. Robert Mitchell will be in suit on the side line.

Tonight the high school will assist in the tournament show at the Butler theater.

GOLDFIELD TO HAVE BOXING BOUT TONIGHT

INTERESTING EVENTS ON CARD THAT MEANS REVIVAL OF THE SPORT

The Goldfield Athletic club will stage a boxing show tonight that gives promise of being the best show staged in Goldfield in many months, and a large number of Tonopah fans will undoubtedly motor to the gold camp this evening.

This boxing program will bring together the very best talent in the two camps and as Gus Rainier, who is matchmaker for the coming show, claims to have all the fighters matched, the fans can rest assured to witness some very lively milling.

The main event of the evening will bring together Danny Mathews versus Paul Pollock. These two lightweights fought a draw several months ago and their fight was one of the best ever seen in Goldfield. Their return bout should be a hummer as Mathews has been promised several good matches if he wins from Pollock.

Bert Wagner of Tonopah meets Speck Duffy of Goldfield in one of the special events and Joe Murphy also of Tonopah meet Frank Barnoy of the gold camp. Young Mustain will tackle John Reilly. Mustain, who is now in Tonopah, is an old head at the game and should show the fans a few tricks about the game of give and take.

There will be three other matches on the card, and the first fight will start at 8:30 sharp. Dick Trounce, an expert, will referee all bouts, and George Quigley of San Francisco and Tonopah will be official time keeper.

WILL ENGAGE IN MINING

Charles W. Taylor stated before leaving for the coast this morning that he would return in a few days and would be a permanent resident of Tonopah. He has acquired mining interests which will require his constant attention. Mr. Taylor may also engage in other lines of business. He wishes to thank all who patronized him so liberally while he was engaged in business and hopes that there will be continued and increased support given his former partner and successor, N. C. Ableman.

HUNDREDS OF FAMILIES MAY MOVE TO ELKO COUNTY

E. T. Merritt of Duluth, Minn., and L. B. Glafcke of Tobar were arrivals on the early morning train from Clover valley. Mr. Merritt is representing his company at Duluth and is here looking over the lands in Clover valley where they have an option on a large acreage of land. He stated this morning that he is well pleased with Elko county and if he took up the option they would move several hundred families here next spring.—Elko Free Press.

If you want the telegraph and local news—try the Bonanza.

HEAVY WORK ON THE TONOPAH EXTENSION

MILL READY FOR NEW MACHINERY, CONSTRUCTING BINS AND ELECTRIC TRAM

There remains only 70 more feet to be driven on the Victor crosscut on the 1540 level to reach the point where connection will be made with the inclined winze from the 1350 level of the Extension. It will be necessary, however, to raise 100 feet from that point.

At the Victor the foundations for the bins have been completed and carpenters are engaged on the superstructure. Machinery is now on the way for the electric tram, a third rail system, which will connect the Victor bins with the Extension mill.

The machinery has not yet been shipped for the addition to the Extension mill, but it is expected to arrive and to be installed and tuned up by June 1. Meanwhile the preliminary work at the mill is nearly completed. When the mill is completed and both the Victor and new Extension shafts are producing, the Tonopah Extension mine will rank as one of the greatest silver properties in the world.

SMALL BUILDING MAKES BIG BLAZE

MIDNIGHT ALARM OF FIRE CALLS OUT MANY SPEC-TATORS

A perfect pandemonium of sound announced a fire exactly at midnight last night. Automatics barked, bells clanged, whistles tooted and the fire department siren squealed itself hoarse.

The blaze was discovered by Officer Peck who telephoned the department. The building was on an eminence and it appeared from downtown as though a huge conflagration was either on or imminent. The house belonged to E. McLaughlin. It was situated in the vicinity of the county hospital.

In order to get action on the fire the department had to lay 750 feet of hose, the building being almost beyond the fire protection limits. It was a splendid catch, however, as a residence only six or eight feet away escaped unscathed. The building is a wreck and its contents destroyed.

The house was owned by Ed. McLaughlin and had been empty for some time, but a possible tenant was to look at it today and Mrs. McLaughlin went to the house yesterday to tidy it up. She built a fire in the kitchen stove, but it was thought to be out when she left. Ineffective safety of the stovepipe may have caused the fire. The loss is covered by insurance.

BIG STRIKE REPORTED NOT FAR FROM THORNE

A strike that is phenomenal in many ways has been made by Peter J. Brennan on the foothills three and one half miles north of Thorne.

Before leaving for Lodi, where a party of prospective buyers are waiting for him relative to his Lodi property, Pete thought he would send a sample of ore from his Logan claim to the assayer at Reno. Though the ore showed no visible gold nor would it pan any color, it gave returns of over 400 ounces of the precious metal, only a trace of silver being noted. Pete was indeed a surprised man and being skeptical of the assay result, dispatched two more samples to reassure himself of the fact that a screw had not got loose somewhere.

These samples are now in the hands of the assayer.—Bulletin.

RUBES ENJOY THEIR DANCE AT AIRDOME

Well sir, Josh, yer mist half of yer life by not bein' at the Hayseeds' ball last night, we had some time now believe me. That there Airdome floor was slicker than greasen lightnin', and the music was fine too.

They gave prizes too. You know Joe Bahor, well sir, he got the man's prize, which was a great big, fat black hen and then you remember Vena Frazier, she took off the wimmen's prize which was three dozen eggs fresh from the farm.

Believe me them Yeomen know how to show us farmers a good time.

WARMEST DAY OF YEAR

This is the warmest day in 1916 thus far, the government thermometer at 2 o'clock this afternoon registering 49 degrees.

PERSONAL

F. L. JONES is over from Goldfield.

HARRY STIMLER and Charles Taylor left this morning for San Francisco for a few days. On their return they will take delivery of a new car, a six-cylinder Buick. They will drive back from Reno.

JAMES HOFFMAN, an old time Nevada printer, left this morning for Goldfield, where he was employed for a number of years. He will continue on to Oatman with the intention of locating there.

A. H. LAWRY, for a number of years a resident of Tonopah, where he officiated as superintendent of the Montana and had also charge of the work of the Mizpah Extension, left this morning for Pierce, Arizona. He will have charge of the Commonwealth property there, a property that is a subsidiary of the Montana. The present superintendent will go to Oatman to take charge of a property there which was recently purchased by President Knox of the Montana.

BEAUTIFUL EVENING VIEW OF PLANETS

If you will look toward the southwest this evening or any evening for the next few days you will see a splendid sight. Jupiter and Venus, two of the most beautiful planets of our solar system, are at this time in close proximity. Tonight they will be in conjunction; that is, looking at them from the earth they will appear to be closest together. The apparent distance between them will be about the diameter of the moon. Venus, the brighter and apparently larger planet, will be to the north of Jupiter.

They appear to be close together, and yet the distance between them is very great. They are nearly "in line," but Venus, the brighter planet, is about sixty-five millions of miles away, while Jupiter is 475 millions of miles from the earth.

SLUICING BEGINS AT COPPER CANYON

Copper Canyon has begun to bestir itself after the big snowstorm, although as yet no automobiles have been able to get up into camp. Active preparations are being made by all placer miners there to take advantage of the melting snow to wash gravel, and Guy Davis started in sluicing last Wednesday. The others will not be far behind and the coming season promises to break all gold production records from that rich district.—Battle Mountain Scout.

The Four Great Sauces.

A French epicure has declared that "man has created the culinary art; he does not feed like an animal—he breaks fasts, dines and sups."

The French are particularly eloquent on the subject of sauces. Among their famous chefs are recognized four great sauces. Spanish, veloute, bechamel and German. The Spanish and veloute were known as far back as the seventeenth century. In the eighteenth they were modified by the masters of cookery, particularly by Careme, who was called "the Raphael of the kitchen."

The Spanish sauce is composed of juices extracted from a mixture of ham, veal, chicken and pheasant. Veloute is similar, but is not colored. Bechamel is veloute to which cream has been added, and the German sauce is veloute plus the yolks of eggs.

DISSOLUTION OF PARTNERSHIP

On this day, February 14, 1916, the undersigned, N. C. Ableman and Chas. W. Taylor, dissolved partnership in the ownership of the Tonopah club in Tonopah, Nevada, Mr. Ableman purchasing the interest of Mr. Taylor. Mr. Ableman will be responsible for all bills and will receive all accounts.

N. C. ABLEMAN.

Adv. F1510 CHAS. W. TAYLOR.

SPECIAL MEETING

Mizpah lodge, No. 25, Knights of Pythias, will hold a special meeting Tuesday evening, at 8:15, to meet the grand chancellor, who will be here on an official visit. All members and sojourning knights are requested to be present. By order of the Chancellor Commander, A. A. MacDUFF.

Attest, Wharton Anderson, K. of R. & S. Adv. F1412

AMUSEMENTS

BUTLER THEATER

Tonight, the Butler will be turned over to the students of the Tonopah high school, for a tournament show preliminary to the big basketball tourney which will determine the champion team of southern Nevada. Everyone is invited to be on hand and boost it along, and everyone is assured of getting their money's worth and witnessing a fine evening's entertainment. There will be three good vaudeville acts which have been carefully worked up, as follows:

A Gymnasium Episode

By Joe Fuetsch and Henry Lamb
Song in Costume
By Georgia Money
Romeo et Juliet (Burlesque)
By Bahor and Cuddy

In addition to the above vaudeville numbers there will be a very interesting picture program consisting of Paramount travel pictures of South America, including a tour of a model penitentiary in Montevideo, Uruguay. The feature picture will be a Broadway star production entitled, "Saints and Sinners," with two old film favorites who have not been seen here for some time, Maurice Costello and Leah Baird, making a very interesting program throughout.

There will be a regular picture matinee in the afternoon, the same as usual, and two regular shows in the evening at 7 and 8:30. There will be no waits, no drags, something doing all the time.

General admission, 25 cents; children, 10 cents; box seats, 35 cents. Ten 10 cents; box seats, 35 cents.

Tomorrow, Maude Fealy in a five-part Edison feature, "Bonowoman," a sensational, dramatic story of today, dealing with a question of paramount interest in every American household.

ROBERT P. FARRAR, representing the New York Life Insurance company, was an arrival from Reno this morning. Mr. Farrar will give the local field a thorough survey before returning to headquarters at Reno. He is staying at the Montana club with old time friends.
